

I claim the right for the concept of sink electricity and all its applications. The right of design, production
and sale of the generator and sink energy (generation, distribution, and sale)

Hanna Albert Awad  Date 11/14/2009

I claim the right for all the applications of sink electricity (operation of computers on three digits,
operation of machinery)(design, production and sale)(design, production and sales of computers,
machinery equipments and software and hardware)

Hanna Albert Awad

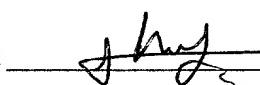

Date

21/11/2001

I claim the right for the design , production and sales of chips, IC's, electronics (components and circuits), communication applications (cells, phones, satellite dishes and all kind of receiving equipments, etc...)

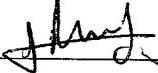

Hanna Albert Awad

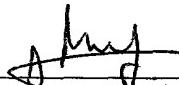

Date

11/14/2001

I claim the right for the design, production and sales of electrical equipments (cooling resistances,
capacitors, inductances and all electrical circuits, etc...) including the concept of the Y and delta circuits
with multiconnections (3,4,5,6, etc...delta and Y) and all its applications (design , production and sales).

Hanna Albert Awad  Date 11/14/2001

I claim the right for the design, production and sales of floppies, CD's, TV's, stereos, radios, music equipments (speakers, etc...), TV's and radio stations, broadcasting, all communication equipments, ordinary phones (stations and distribution)cells, all electrical and electronic equipments, all applications and accessories of computers (laptops, desktops, calculators, software, hardware, programs, etc...), and all devices that receives related to sink electricity and which applies.
